Message from the Detachment Commander

I am pleased to present the North Bay Detachment – 2025 OPP Detachment Board Annual Report. This report outlines crime trends, traffic enforcement activity, and community well-being initiatives, and highlights the continued efforts of our members to deliver professional, effective, and community-focused policing services.

The year 2025 marked the final year of the 2023–2025 North Bay Detachment Action Plan. This report provides a comprehensive overview of the progress made against our commitments and reflects the collective efforts of our members, our policing partners, and the communities we serve.

I am extremely proud of the work undertaken by our detachment over the past year.

In 2025, the North Bay Detachment experienced a reduction in overall violent crime, decreasing from 238 occurrences in 2024 to 204 in 2025. This reduction reflects the continued focus of our members on proactive enforcement, offender management, and strong investigative practices. While serious incidents, including a homicide, were investigated during the year, our members responded with professionalism and diligence, ensuring accountability and support for victims and their families.

Property crime also saw a notable decrease, dropping from 334 occurrences in 2024 to 286 in 2025. This reduction is attributed to targeted enforcement initiatives, enhanced offender management strategies, and continued collaboration with policing partners and community stakeholders. Fraud remains a persistent and evolving challenge; however, through continued education, awareness initiatives, and investigative support, we are working to mitigate its impact on our communities.

Traffic safety remained a key priority. Our members maintained a strong focus on the OPP's "Big Four" causal factors: impaired driving, distracted driving, aggressive driving, and seatbelt compliance. These efforts contributed to a continued reduction in fatal collisions compared to previous years, while enforcement and education initiatives helped address ongoing risky driving behaviours. Targeted operations, joint enforcement initiatives, and community-driven traffic complaints continued to shape our approach to keeping our roadways, waterways, and trails safe.

Throughout the year, we continued to respond to community concerns through increased visibility, targeted patrols, and locally driven enforcement initiatives. These efforts not only addressed specific issues but also reinforced public confidence and trust in policing services.

We continued to leverage modern technology, including in-car camera systems, automated licence plate recognition (ALPR), mobile workstations, and body-worn cameras (BWC) to enhance investigative capabilities, improve transparency, and support officer and public safety.

Collaboration remains a cornerstone of our success. In 2025, we continued to work closely with our policing partners, including the North Bay Police Service, Anishinabek Police Service, Nipissing First

Nation Police, and Military Police, on joint enforcement initiatives, intelligence sharing, and coordinated responses to cross-jurisdictional issues.

Our commitment to community well-being remains strong. Through our Mobile Crisis Response Team (MCRT) and partnerships with the Canadian Mental Health Association and other community agencies, we continue to support individuals experiencing mental health and addiction-related challenges. The formalization of the **Police-Hospital Transition Protocol in 2025** represents a significant milestone in improving outcomes for individuals in crisis and strengthening collaboration between emergency services and healthcare partners.

Community engagement continues to be a priority. Our members remained actively involved in local events, initiatives, and outreach opportunities across the detachment area. These engagements are critical to building relationships, enhancing trust, and ensuring our **policing efforts remain aligned with community needs and expectations.**

Equally important is our commitment to our members. Throughout 2025, we continued to invest in training, mentorship, and leadership development opportunities, ensuring our members are well-equipped to meet the evolving demands of policing while maintaining a strong focus on wellness and professional growth.

In 2026, we will release the new **2026–2029 North Bay Detachment Action Plan**, the first developed under the *Community Safety and Policing Act (CSPA)*. This plan has been developed in close collaboration with the Lake Noybonging, Mattawa Regional, and Powassan Nipissing Callander OPP Detachment Boards, as well as through meaningful engagement with the communities we serve.

The development of this plan aligns with the 2026–2029 OPP Strategic Plan, ensuring a coordinated and **unified approach to community safety and policing priorities.**

As we look ahead, we remain committed to continuous improvement, strong partnerships, and delivering **policing services that reflect the needs and expectations of our communities.**

Our members continue to serve with Pride, Professionalism and Honour, Respect, Compassion and Fairness, Integrity, Honesty and Courage. I am proud of their dedication and the work they do each and every day.

Kraemer, Andrew
Interim Detachment Commander
North Bay Detachment

Summary of Commitments

Through analysis and consultation, the following areas of focus were identified for the years 2023-2025.

Crime	Roadways, Waterways and Trails	Community Well-Being
<p>Violent crime, assaults including intimate partner violence (IPV) related, sexual assault.</p> <p>Property Crime: Innovative engagement and prevention practices to increase investigative success and reduce victimization pertaining to break and enters, frauds, thefts, mischiefs and other property related offences.</p> <p>Continued vigilance in drug trafficking investigations to address opioid and non-opioid deaths and overdoses in our communities. Through ongoing engagement with community stakeholders and investigative diligence related to this issue, lives can be saved.</p>	<p>To sustain a continuous and year-round focus on the causal factors of motorized vehicle collisions, primarily the 'Big Four' causal factors of fatal, personal injury and property damage collisions on roadways, waterways and trails.</p>	<p>To continue our commitment with a dedicated Mobile Crisis Response Team (MCRT) and community partnership with CMHA North Bay to pursue and identify co-response solutions for nonpolice related demands for service that impact police and community resources.</p> <p>To establish a Police-Hospital Transition Protocol between North Bay Regional Health Centre (NBRHC), North Bay Police Service, Anishinabek Police Service (APS), and the Ontario Provincial Police North Bay Detachment.</p> <p>To support diversity, human rights, and inclusion reflective of all our residents and members living in our communities.</p> <p>The continued growth and support of the Project Lifesaver program.</p>

2025 Crime Progress Results

Commitment	Progress Results
<p>Violent crime, assaults including intimate partner violence (IPV) related, sexual assault.</p>	<p>In 2025, the North Bay Detachment observed a reduction in total violent crime, decreasing from 238 occurrences in 2024 to 204 in 2025. This reduction reflects a continued focus on proactive enforcement, offender accountability, and strong investigative oversight.</p> <p>The detachment maintained a victim-centred and trauma-informed approach to investigations, supported by the continued integration of the Domestic Abuse Issues Investigator (DAII) role. This position has enhanced investigative consistency, strengthened collaboration with community partners, and provided frontline officers with subject matter expertise in complex and sensitive cases.</p> <p>A key contributing factor to the reduction in violent crime has been the continued emphasis on offender management and bail compliance. Through a structured and deliberate approach to monitoring high-risk individuals, members have prioritized enforcement of judicial conditions and proactively addressed repeat offending behaviour.</p> <p>Despite the overall reduction, serious incidents (including a homicide) were investigated during the year. These incidents were met with a coordinated, professional response, ensuring accountability while supporting victims and their families.</p> <p>Clearance rates for violent crime remained strong at 78.92%, demonstrating the effectiveness of investigative practices and members' commitment to pursuing successful outcomes.</p>
<p>Property Crime: Innovative engagement and prevention practices to increase investigative success and reduce victimization pertaining to break and enters, frauds, thefts, mischiefs and other property related offences.</p>	<p>In 2025, the North Bay Detachment saw a reduction in overall property crime, decreasing from 334 occurrences in 2024 to 286 in 2025. This reflects the impact of targeted enforcement, proactive patrol strategies, and a continued focus on repeat offenders.</p> <p>Notably:</p> <ul style="list-style-type: none"> ◦ Break and enters decreased significantly from 31 to 16 occurrences ◦ Theft under \$5,000 decreased from 83 to 66 occurrences

	<ul style="list-style-type: none"> • Mischief occurrences also declined <p>These reductions are indicative of a focused approach to crime prevention and enforcement, including increased visibility, intelligence-led policing, and coordinated initiatives targeting known offenders.</p> <p>The continued success and expansion of the Offender Management and Apprehension Program (OMAP) has played a critical role in these outcomes. By prioritizing individuals who pose the greatest risk to community safety and ensuring compliance with release conditions, the detachment has reduced opportunities for reoffending and increased accountability.</p> <p>Fraud remains a persistent and evolving crime trend, with 111 occurrences reported in 2025. While this represents a slight decrease from 2024, clearance rates remain low due to the complexity and often multi-jurisdictional nature of these offences.</p> <p>In response, the detachment continued to support frontline officers through education and investigative guidance, while also engaging in community-based fraud awareness initiatives in partnership with the Canadian Anti-Fraud Centre and local detachment boards. These efforts aim to reduce victimization through prevention and early intervention.</p>
<p>Continued vigilance in drug trafficking investigations to address opioid and non-opioid deaths and overdoses in our communities. Through ongoing engagement with community stakeholders and investigative diligence related to this issue, lives can be saved.</p>	<p>In 2025, the North Bay Detachment maintained a strong focus on drug enforcement and community safety, with total drug offences increasing from 22 in 2024 to 30 in 2025. This increase reflects proactive enforcement efforts and continued collaboration with partner agencies.</p> <p>The detachment continues to leverage the Community Street Crime Unit (CSCU) model to address drug-related and property crime within the community. Through joint initiatives with policing partners, members have targeted the distribution of illicit substances and disrupted criminal activity impacting local communities.</p> <p>In addition to enforcement, the detachment remains committed to a balanced approach that includes community engagement and harm reduction awareness, recognizing the broader impact of substance use on community well-being.</p>

	<p>Drug trafficking investigations remain closely linked to property crime and violent crime trends, and the detachment continues to take an integrated approach, combining enforcement, intelligence gathering, and partnership-based solutions, to address these complex issues.</p>

2025 Roadways, Waterways and Trails Progress Results

Commitment	Progress Results
<p>To sustain a continuous and year-round focus on the causal factors of motorized vehicle collisions, primarily the 'Big Four' causal factors of fatal, personal injury and property damage collisions on roadways, waterways and trails.</p>	<p>In 2025, the North Bay Detachment maintained a strong and consistent focus on traffic safety through enforcement, education, and proactive engagement, targeting the OPP's "Big Four" causal factors: impaired driving, distracted driving, aggressive driving, and seatbelt compliance.</p> <p>Motor vehicle collision data reflects the impact of these efforts. Fatal collisions remained lower than 2023 levels, with three fatal incidents recorded in 2025, compared to eleven in 2023. While any loss of life is significant, this reduction demonstrates progress in addressing high-risk driving behaviours through sustained enforcement and public awareness.</p> <p>At the same time, collision data continues to reinforce ongoing risks within our communities:</p> <ul style="list-style-type: none"> ◦ Inattentive driving remained a contributing factor in fatal collisions ◦ Lack of seatbelt use contributed to multiple fatalities ◦ Alcohol-related collisions continue to be present despite ongoing enforcement and education efforts <p>These trends highlight the continued need for both enforcement and public education to influence driver behaviour and reduce preventable loss of life.</p> <p>Members conducted extensive enforcement throughout the year, including:</p> <ul style="list-style-type: none"> ◦ Continued focus on impaired driving, with 135 charges laid ◦ Ongoing enforcement of seatbelt compliance, with 90 charges laid ◦ Targeted enforcement addressing distracted and aggressive driving behaviours ◦ Over 2,000 speeding charges, reinforcing the detachment's commitment to addressing one of the leading contributors to serious collisions <p>While overall enforcement numbers saw slight fluctuations from 2024, they reflect a deliberate and targeted approach, focusing on high-risk behaviours, locations, and times identified through data analysis and community feedback.</p>

The detachment continued to deliver locally driven traffic initiatives in response to community concerns and emerging trends. These initiatives included targeted enforcement in high-risk areas, commercial motor vehicle inspections along key corridors, and joint operations with partner agencies to enhance road safety.

Collaboration remained a key component of success. The North Bay Detachment worked alongside the North Bay Police Service and other partners on joint enforcement initiatives, combining resources and intelligence to increase visibility and maximize impact.

In addition to roadway enforcement, the detachment remained committed to safety on waterways and trails through the **continued efforts of the Community Directed Enforcement Officer (CDEO) program**, which provides oversight and coordination of enforcement initiatives across these areas.

Through the CDEO program:

- The Marine Unit conducted proactive patrols, vessel checks, and enforcement activities, contributing to the safe and responsible use of local waterways
- The Motorized Snow Vehicle (MSV) program maintained a strong patrol presence on trail systems, supported by trained members and partnerships with the Ministry of Natural Resources and Forestry
- Seasonal enforcement initiatives were coordinated to address emerging risks, including unsafe operation, impaired use, and non-compliance with legislation on both waterways and trails

This coordinated approach ensures that enforcement efforts are strategic, intelligence-led, and aligned with community concerns, while maximizing the effective use of specialized resources across the detachment.

Public education and community engagement remained integral to these efforts. Members continued to engage with the public through both in-person interactions and digital platforms, reinforcing key safety messages and promoting responsible behaviour across all modes of transportation.

Through a balanced approach of enforcement, education, and community engagement, the North Bay Detachment continues to

	work toward reducing collisions, preventing injuries, and saving lives on our roadways, waterways, and trails.

2025 Community Well-Being Progress Results

Commitment	Progress Results
<p>To continue our commitment with a dedicated Mobile Crisis Response Team (MCRT) and community partnership with CMHA North Bay to pursue and identify co-response solutions for nonpolice related demands for service that impact police and community resources.</p>	<p>In 2025, the North Bay Detachment continued to strengthen its commitment to community well-being through the ongoing development and support of the MCRT in partnership with the Canadian Mental Health Association (CMHA).</p> <p>The MCRT remains a critical component in responding to individuals experiencing mental health and addiction-related crises. Through a co-response model, officers and mental health professionals work collaboratively to provide immediate, appropriate, and compassionate support.</p> <p>Building on the success of previous years, the MCRT continued to:</p> <ul style="list-style-type: none"> • Respond to calls for service involving individuals in crisis • Provide real-time support to frontline officers • Facilitate referrals to appropriate community-based services • Participate in collaborative risk-based interventions through the local situation table <p>This approach has enhanced outcomes for individuals in crisis, reduced repeat interactions with police, and improved coordination between emergency services and community agencies.</p> <p>The continued evolution of the MCRT reflects a broader commitment to ensuring that individuals receive the right response, at the right time, by the right service provider, while supporting the sustainability of policing resources.</p>
<p>To establish a Police-Hospital Transition Protocol between North Bay Regional Health Centre (NBRHC), North Bay Police Service, Anishinabek Police Service (APS), and the Ontario Provincial Police North Bay Detachment.</p>	<p>In 2025, the North Bay Detachment, in collaboration with the North Bay Regional Health Centre, North Bay Police Service, and Anishinabek Police Service, successfully finalized and implemented the Police-Hospital Transition Protocol.</p> <p>This protocol represents a significant advancement in how police and healthcare partners coordinate responses to individuals apprehended under the Mental Health Act.</p>

	<p>The protocol is designed to:</p> <ul style="list-style-type: none"> • Improve outcomes for individuals in crisis while respecting their rights and dignity • Enhance the transition of care between police and hospital staff • Strengthen collaboration and communication between partner agencies <p>The implementation of this protocol has improved efficiency, reduced delays, and enhanced the overall experience for individuals requiring medical and mental health support. It also reinforces a shared commitment among partners to deliver coordinated, compassionate, and effective service.</p> <p>This initiative reflects a proactive and solution-focused approach to addressing one of the most complex and resource-intensive areas of policing.</p>
<p>To support diversity, human rights, and inclusion reflective of all our residents and members living in our communities.</p>	<p>In 2025, the North Bay Detachment continued to support diversity, human rights, and inclusion through meaningful engagement with the communities we serve and a commitment to equitable and respectful policing practices.</p> <p>Members actively engaged with diverse communities through participation in local events, cultural celebrations, and community initiatives, fostering trust, understanding, and collaboration.</p> <p>The detachment also continued to support initiatives that promote inclusion and compassion, including outreach efforts focused on vulnerable populations and ongoing engagement with Indigenous communities. These efforts provide members with valuable opportunities to strengthen relationships, increase cultural awareness, and support reconciliation.</p> <p>Through these interactions, the North Bay Detachment continues to reinforce its commitment to policing that is reflective of and responsive to the diverse needs of the community.</p>
<p>The continued growth and support of the Project Lifesaver program.</p>	<p>In 2025, the North Bay Detachment continued to support and expand the Project Lifesaver program, in partnership with BAYSAR North Bay and the North Bay Police Service.</p>

	<p>Project Lifesaver remains a critical initiative focused on the safety of vulnerable individuals who may be at risk of wandering due to cognitive conditions such as dementia or developmental disabilities.</p> <p>Throughout the year, members:</p> <ul style="list-style-type: none">• Maintained certification and training to ensure operational readiness• Supported community outreach and awareness initiatives• Continued onboarding new participants into the program <p>The program enhances emergency responders' ability to quickly locate missing individuals, significantly reducing risk and improving outcomes for both individuals and their families.</p> <p>The continued success and growth of Project Lifesaver reflects the strong collaboration between policing partners, community organizations, and families, and underscores the detachment's commitment to protecting the most vulnerable members of our community.</p>

Other Community Updates

In 2025, the North Bay Detachment continued to build on its commitment to community safety and well-being through proactive engagement, targeted prevention initiatives, and strong partnerships with community stakeholders.

The past year reflects meaningful progress across a number of areas. At the same time, it has reinforced that the work we are doing alongside our partners and communities is only the beginning. The challenges facing our communities continue to evolve, and so must our approach. What we have established in 2025 provides a strong foundation to build on moving forward.

Major Incident Response – Samuel de Champlain Provincial Park

On June 21, 2025, a severe weather event in Samuel de Champlain Provincial Park resulted in one of the most significant natural disasters experienced within the detachment area in recent years.

What began as a typical summer storm quickly escalated into a violent downburst, with winds exceeding 100 km/h. The storm caused widespread devastation throughout the park—flattening large sections of forest, crushing vehicles and trailers, and leaving hundreds of campers trapped in hazardous and rapidly deteriorating conditions.

The scale of the incident was immediate and significant. Approximately 351 campers were impacted, generating 77 calls for service, representing a substantial and sudden increase in demand. Many of these calls involved individuals trapped or injured as a result of falling trees and debris.

Members of the North Bay, Mattawa and Powassan Detachments, alongside fire services, park staff, and emergency partners, responded without hesitation.

Officers worked in extremely challenging and dangerous conditions, navigating heavily damaged terrain where road access was limited or completely obstructed. Using available equipment, including chainsaws, members moved through debris fields to reach stranded individuals, provide medical assistance, and facilitate evacuations.

Rescue efforts continued throughout the night and into the following day. In coordination with aviation resources, multiple individuals were safely extracted from otherwise inaccessible areas and transported to safety. Displaced campers were received and supported within the Mattawa community, where emergency reception centres were established.

Accounts from those involved described the event as “the longest night of their lives,” highlighting both the severity of the situation and the importance of the coordinated emergency response.

Despite the scale of destruction and the inherent risks, there were no fatalities. This outcome is a direct reflection of the professionalism, courage, and commitment demonstrated by all responding personnel.

Members responded both on and off duty, placing themselves in harm’s way to assist others. They demonstrated leadership, adaptability, and resilience in an environment that was dynamic, unpredictable, and emotionally demanding.

Incidents of this nature have a lasting impact, not only on the community but also on the members who respond. The physical and psychological demands associated with operating in such conditions are **significant, and the well-being** of our members remains a priority following events of this magnitude.

This response reflects the very best of policing. When our communities needed help the most, our members answered without hesitation, demonstrating Pride, Professionalism and Honour, Respect, Compassion and Fairness, Integrity, Honesty and Courage in the face of extraordinary circumstances.

Crime Prevention and Community Engagement

Based on emerging crime trends and community feedback, the detachment led several crime prevention and education initiatives, with a particular focus on fraud awareness and community safety.

In collaboration with the Canadian Anti-Fraud Centre and local detachment boards, members delivered fraud prevention presentations in communities such as Powassan and East Ferris. These sessions were designed not only to educate, but to empower residents, particularly those most vulnerable, to recognize and prevent fraud before it occurs.

In 2025, we also expanded our use of digital communication platforms, including Facebook and Instagram, to deliver timely and locally relevant public safety messaging. Through short, locally produced video content, we were able to connect directly with our communities on issues such as road safety, fraud, and community well-being.

This approach represents a shift toward more accessible, transparent, and proactive communication, allowing us to extend our reach well beyond traditional methods. The success we have seen in this space will continue to grow as we further develop this strategy.

Community Patrol and Proactive Policing

The North Bay Detachment continued to prioritize community-based, intelligence-led patrols, ensuring that our presence is not only visible but purposeful.

Through community feedback, data analysis, and officer-driven initiatives, members focused their efforts on areas of concern, including traffic-related issues, property crime trends, and locations involving vulnerable populations.

This targeted approach has allowed us to be more effective in both enforcement and engagement. It has also reinforced the importance of being present in our communities, not only in response to incidents, but as part of a deliberate strategy to prevent them.

Our goal is not simply to respond to calls for service, but to influence outcomes, reduce risk, and build trust. The progress made in 2025 demonstrates that we are moving in the right direction, while recognizing there is still more to be done.

Youth and Community Engagement

Engagement with youth and families remained a priority throughout 2025.

Members participated in school visits, community events, and local initiatives aimed at building positive relationships and promoting safety. These interactions are critical, not only in educating youth but in shaping long-term perceptions of policing and strengthening trust within our communities.

We continue to see the value of these engagements, both in the relationships that are built and in the opportunities they create to guide, support, and connect with the next generation.

Indigenous and Community Partnerships

Building and strengthening relationships with Indigenous communities and diverse populations remains a priority for the North Bay Detachment.

In 2025, members continued to engage with Indigenous communities and participate in cultural events and initiatives across the region. These interactions are an important part of our ongoing commitment to reconciliation, understanding, and meaningful partnership.

We recognize that strong relationships are built over time through consistency, respect, and presence. **The progress made in 2025 reflects continued efforts in this area, while reinforcing the importance of ongoing engagement moving forward.**

Mental Health and Vulnerable Persons

The increasing demand for mental health-related support continues to present challenges for both policing and community partners.

Through ongoing collaboration with community-based agencies and the continued development of initiatives such as the MCRT, the North Bay Detachment has taken a coordinated and compassionate approach to supporting individuals in crisis.

These efforts have improved our ability to connect individuals with the appropriate resources, reduce repeat interactions, and ensure that responses are aligned with the needs of the individual.

While progress has been made, we recognize that this remains a complex and evolving area. Continued collaboration, innovation, and shared responsibility will be essential as we move forward.

Innovative and Community-Focused Initiatives

In 2025, the North Bay Detachment continued to implement innovative, problem-solving approaches to address ongoing community safety concerns.

The Safer Streets – Generosity Redirection Initiative is one example of this approach. Rather than relying solely on enforcement, this initiative focused on education, awareness, and collaboration with community partners to address the risks associated with roadside solicitation.

This reflects a broader shift toward long-term, sustainable solutions—addressing not only the symptoms of an issue, but the underlying factors contributing to it.

These types of initiatives demonstrate what can be achieved when we take a collaborative, forward-thinking approach to community safety.

Member Development and Leadership

Our members remain our greatest asset, and their development continues to be a priority.

In 2025, we continued to invest in training, mentorship, and leadership development opportunities, ensuring our members are well-equipped to meet the demands of modern policing.

A key component of this approach has been the continued use of recruit-led initiatives, where new officers are tasked with identifying community concerns, developing targeted responses, and presenting outcomes to leadership.

This not only builds accountability and confidence but also reinforces a culture of innovation, ownership, and community-focused policing from the outset of a member's career.

The growth we are seeing within our members directly contributes to the success of the detachment as a whole.

Closing Perspective

The progress made throughout 2025 is a direct reflection of the dedication of our members, the strength of our partnerships, and the trust of the communities we serve.

While we have achieved meaningful success, we recognize that community safety is not static. The work we have undertaken this past year has positioned us well, but it also sets the stage for continued growth, improvement, and innovation.

We remain committed to building on this momentum as we move into the next phase of our action plan for 2026-2029.

Policing Hours

The OPP has developed a Service Delivery Model (SDM) in response to several reviews and audit recommendations. The SDM is designed to:

- Promote officer wellness through balanced workloads
- Determine adequate staffing levels at each detachment
- Ensure the continued delivery of adequate and effective policing services in accordance with the *Community Safety and Policing Act (CSPA)*

To support SDM implementation, the OPP is undertaking a multi-year staffing strategy to address required increases in detachment personnel. This model supports the OPP’s ability to:

- Respond effectively to increasing calls for service
- Maintain safe communities through proactive patrols and community engagement
- Meet municipal expectations for police visibility

To monitor progress and guide detachment-level planning, the OPP has established time allocation targets for provincial constables (Figure 1). These targets reflect how time should ideally be distributed by the end of the SDM staffing strategy.

The targets are based on a provincial average, and variations are expected between detachments due to differences in geography, operational structure, recruitment and leave of absence rates.

Detachments may face challenges in achieving these targets, but progress is expected as scheduling, data quality and strategic deployment continue to improve.

CONTACT THE OPP

Know your location - be ready to describe the situation and your location. Look for addresses, landmarks and buildings that may help identify your location.

REACH THE OPP BY PHONE

- Call 9-1-1 if there is an immediate risk to someone's life or property
 - to stop or report a crime in progress
 - to report a fire
 - to report a life-threatening medical emergency
 - Don't hang up, stay on the line
- To report non-life-threatening incidents that require a police response, use the non-emergency line (1-888-310-1122) or go to opp.ca/reporting
- TTY 1-888-310-1133 or agent 511 for registered subscribers may be used for individuals in the Deaf, Hard of Hearing and Speech Impaired (DHHSI) community to contact police
- For all administrative inquiries or to schedule an appointment, find contact information for your local detachment at opp.ca/detachments

PROVIDE AN ANONYMOUS TIP

- Call Crime Stoppers at 1-800-222-8477 (TIPS) or visit www.crimestoppers.ca

REPORT AN INCIDENT ONLINE

- The OPP offers online reporting for minor, non-emergency occurrences in areas of OPP jurisdiction. opp.ca/reporting allows you to submit a report without visiting or calling.
- Use the online reporting tool for:
 - Theft Under \$5,000
 - Mischief / Damage to Property Under \$5,000
 - Mischief / Damage to Vehicle Under \$5,000
 - Theft from Vehicle Under \$5,000
 - Lost / Missing Property Under \$5,000, including a licence plate(s) or validation sticker(s)
 - Driving Complaints

If you are reporting an emergency, call 9-1-1.

#KNOWWHENTOCALL

9-1-1 is for emergencies only: If there is an immediate risk to someone's life or property.

- ✓ a crime in progress
- ✓ a fire
- ✓ a life-threatening medical emergency

Dialed 9-1-1 accidentally? #Be911Ready. Don't hang up, stay on the line and speak with an OPP Communicator to confirm there's no emergency.

The misuse of 911 ties up emergency lines, communicators and officers, which can result in a slower response to a real emergency and risks the safety of people who may need urgent help.

It is against the law to call 9-1-1 as a joke. Prank 9-1-1 calls can be dangerous and waste valuable emergency resources.
